02 / SKILLS

Backend

.NET · NestJS · Python · APIs REST

Frontend

React · Vue.js · Nuxt · Angular

Events & integrations

Kafka · Webhooks

Data

SQL Server · PostgreSQL · Oracle · MongoDB · Firebase · Cosmos DB

Cloud

Microsoft Azure since 2019 · AZ-900. AWS: Lambda, S3 and SQS.

Applied AI

Claude Code and Codex · SDD · OpenSpec · proposals, delta specs, design, tasks, verify and archive.

03 / LANGUAGE

Advanced English

04 / PROFILE

Working in technology since 2016 and in fullstack development at Reply Brasil since 2019, connecting .NET and NestJS APIs, interfaces and data. Azure experience since 2019 and AWS experience with Lambda, S3 and SQS. Event-driven architecture, Kafka and webhooks. Specification-guided AI-assisted development, code review and acceptance criteria.

05 / EXPERIENCE

Senior Fullstack Developer

REPLY · JAN. 2022 - PRESENT

.NET and Node.js APIs and services integrated with React, Vue.js and Nuxt. React interfaces with hooks. Event-driven architecture with Kafka and webhooks. Claude Code and Codex with OpenSpec and SDD for specification, implementation, review and validation.

Junior Developer

REPLY · MAR. 2019 - JAN. 2022

.NET APIs, evolving applications into services and integrating with the Google Drive API. Azure and relational and non-relational databases.

Backend Developer

INTERPLAYERS · APR. 2017 - MAR. 2019

SQL Server queries, stored procedures, functions, views and processing routines. Query analysis and tracing.

Intern

INTERPLAYERS · SEP. 2016 - MAR. 2017

Creating tables, relationships and SQL queries.

06 / EDUCATION

Systems Analysis and Development

Undergraduate technology degree · Centro Universitário Senac · completed in 2019.

07 / CERTIFICATIONS & COURSES

Azure Fundamentals / AZ-900 · Microsoft · 2022

Artificial and Computational Intelligence · FIAP · 80h · 2022

AWS · Udemy · preparatory course · 46h · 2021

Dimensional modeling · EBAC · 6h · 2021

Data Access in C# and .NET Core · Microsoft / edX · 2018
